French MOFs COFs 2026 Conference

Inaugurated in 2018, the French MOFs COFs conference brings together researchers working on the chemistry of porous materials. The 2026 edition was organised by ILV and has gathered around 110 personnes

event invites interdisciplinary contributions examining how visibility and invisibility are constructed, negotiated, and contested within contemporary universities. Paper proposals are welcome until April 25, 2026.
