STRENGTHENING INTERNATIONAL COLLABORATION ON INTERCULTURAL COMPETENCE

In June, ISM-IAE welcomed Professor Adriana Roseli Wünsch from the Universidade Federal do Paraná in Brazil for a research visit with Zorana Jerinic Ivic. The visit helped lay the foundations for an ambitious 2026–2027 research agenda and fostered valuable exchanges with the LAREQUOI Research Center on intercultural competence and intercultural management.

In June, we had the pleasure of welcoming Professor Adriana Roseli Wünsch from the Universidade Federal do Paraná (Curitiba, Brazil) to ISM-IAE de Versailles Saint-Quentin-en-Yvelines for a research visit that marked an important step in strengthening her collaboration with Zorana JERINIC IVIC on intercultural competence. During her stay, the two researchers laid the foundations for an ambitious research agenda for 2026–2027.

The visit also provided valuable opportunities for knowledge exchange. Adriana presented her research and the joint projects developed with Zorana JERINIC IVIC to colleagues from the Laboratoire LAREQUOI Research Center, sparking inspiring discussions and opening new perspectives for interdisciplinary collaboration and long-term academic partnerships between our two universities. Beyond research,

Adriana contributed to our teaching activities by participating in Intercultural Management lectures with our second-year Master's students, sharing her expertise and international perspective. Thank you, Adriana, for this enriching visit! We look forward to continuing this exciting collaboration in the years ahead!
